Subject Areas

Literary Criticism, Reviews, Biography

Common Searches

Search for a known work:

- Enter part or all of an author's name in the default Author Search box.

- Alternatively, you may search by title or keyword.
- Click on the Search button to submit the query.
- Click on any of the folder tabs to view different categories of information relating to your search topic.

Search for authors by type:

- Use the drop-down menus to select author ethnicity, nationality, genre, theme, and/or literary movement/time period.
- Hold down the control key to select more than one option within each category.
- Click on the Search button to submit the query.

Search the literary historical timeline:

- Enter the start and end dates in the boxes.

- Use the drop-down menu to select AD or BC.
- Click on the Search button to submit the query.
- Alternatively, click any point along the timeline to display literary events from that time period.

Print

- With your document open, click the  **Print** button to print.

Email

- With your document open, click the  **E-mail** button to send.
